RELEVANT INFORMATION, HAPPENINGS AND NEWS

THE NEXT STEP - FIRST CE QUALIFICATIONS

It has been a busy period for the first Marine Engineering Management Level (MEML) graduates over the past few years and some of them have been reaching the next step of qualifying as Chief Engineers since the start of 2022.

In order to achieve the final seagoing qualification as an Engineering Officer the candidates spend a month at the Academy attending the Chief Engineer Oral Preparatory Programme (CEOP) in order to prepare for their final Oral Examination with the EMA.

Since the beginning of 2022 4 CEOP programmes have been completed with 11 candidates attending. Seven of these have already successfully completed the EMA Chief Engineer Oral examination with the remainder due to sit within the next few months.

Congratulations to those that have already achieved this momentous achievement by successfully passing their Chief Engineer Oral examination on their first attempt and setting the tone for those that follow:

Chief Engineer Tsehay, Daniel Anteneh

Tsehay, Daniel Anteneh

Erkie, Melkamu Molla

Guda, Fekadu Bejiga

Abebe, Asteway Mekonnen

Desta, Atkilt Kassa

Yalew, Daniel Baybil

Tessema, Yitayal Teshale

Further congratulations to those that have already been appointed as Chief Engineering Officers with their respective companies (see recent promotions) and in the coming years many more are sure to follow. Achieving this momentous achievement as seafarers, on average a decade after commencing their seafaring careers as cadets, is due to good training, hard work and dedication.

MEML 8

A reminder to candidates that MEML 8 is scheduled to commence on 6 February 2023.

Potential candidates are once again reminded to contact Mr. Dereje Alemayehu Zemedkun (DZemedkun@emacrew.com) at the Addis Office regarding further information and application to participate in the programme.

Chief Engineer Oral Preparation Programme (CEOP)

The EMTI Chief Engineering Oral Preparation (CEOP) Programme was instituted at the beginning of 2022 in order to comply with the Ethiopian Maritime Authority Requirement as stipulated in Marine Notice 1 of 2015 (Version 3 dated September 2021). The Marine Notice stipulates that after serving their required sea-time of 18 months as 2nd Engineers in order to prepare for their Chief Engineer Oral Examinations candidates are to spend a month on oral preparation at the Academy.

Oral preparation with the candidates is done by the CE lecturers at the Academy, based on the EMA approved curriculum, which focuses on Chief Engineer responsibilities and duties and covers in depth subjects as required at the Management Level. Some of these are listed below:

Regulatory Aspects (Knowledge of National and International Legislation).

ISM, Audits and Quality Management.

Classifications Societies and Certificates.

Ship's Stability.

Safety of Life at Sea Convention.

Logbooks and Documentation.

Monitoring and Controlling in Respect of Safety and Marine Pollution Prevention.

The World Health Organisation and International Labour Organisation.

Ship surveys and inspections for various entities.

Commercial/ Legal Aspects of Ship Operations.

Emergency Preparedness

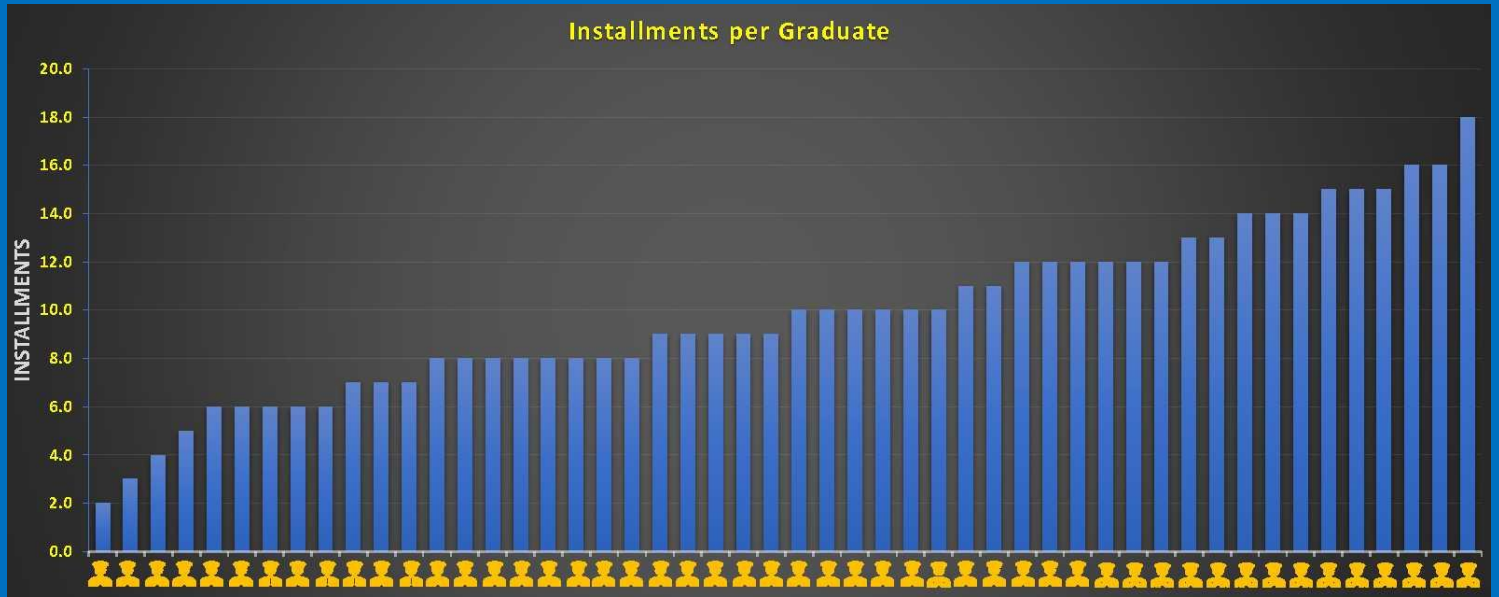

Training

Budgeting, Management Information Systems, Inventory Management, Records.

Latest Technical Developments (Engines, Automation, Electrical, Electronics).

On completion of the CEOP candidates that attended the programme are issued a certificate by the Academy which is submitted to the EMA and then allows them to sit the Chief Engineer Oral Examination as scheduled by the EMA.

Financial facts in respect of the MEML Programme:

Total MEML Graduates who completed their tuition - 50 (of the 90 that have completed MEML)

Average Number of instalments – 9.8

Majority completed tuition while were working as 3rd engineers and allocating only 30% of salary

COVID 19

The danger of COVID in our communities and onboard vessels remain. The disease is still having consequences at the end of 2022. It has claimed over 6,6 million lives of the approximately 646 million cases reported around the world. Approximately 13 billion vaccination doses have been administered worldwide with around 2,2 million vaccinations being administered daily at present. However, new variants of the virus continue emerging, some more transmissible than others. It therefore reminds us to get vaccinated, for those who have not, get boosted if vaccinated and continue applying the basic safety precautions of wearing masks in confined spaces, social distancing where required and hygiene measures. **Keep yourself, your families, and shipmates SAFE, and AVOID BECOMING A STATISTIC.**

VISIT BY MINISTER OF TRANSPORT AND LOGISTICS

The Academy was privileged to be visited by the Ethiopian Minister of Transport and Logistics, Mrs. Dagmawit Mogesand members of her Ministry on 25 September 2022.

COURSES

Courses Being Conducted:

ME 20 A - 6 June 2022 to 8 March 2023

ME 20 B - 29 August 2022 to 31 May 2023

MEML 7 – 22 August 2022 to 21 January 2023

ETO 21 – 24 August 2022 to 3 May 2023

Courses Completed:

ETO 20 - 76 candidates graduated 5 October 2022

STCW Refresher Training: SRC 42, SRC 43

Advance Tanker Training: ATOTCO 14, ATGTCO 1

STCW Refresher Courses – It is important to note that your PSCRB and Advanced Fire Fighting courses are only valid for 5 years. Confirm with your crew operator.

Courses Scheduled:

CEOP 6 – Commence 9 January 2023

CEOP 7 – Commence 27 February 2023

MEML 8– Commence 6 February 2023

ME 21 – Commence end of February 2022

ASSISTANT FACULTY

Looking for motivated and energetic senior seafarers (2nd Engineers and Senior ETOs) looking to give back to the Seafaring community and ongoing education and advancement of post-college opportunities. EMTI is actively seeking seafarers to assist in teaching courses as assistant faculty during their periods at home with an opportunity for permanent teaching faculty in the future. Please contact the Addis Office if interested.

RECENT PROMOTIONS

A well-deserved congratulations to the following officers on their recent promotions:

Promotion to Chief Engineer

C/E Tsehay, Daniel Anteneh

C/E Erkie, Melkamu Molla

C/E Desta, Atkilt Kassa (mid Dec 22)

C/E Tessema, Yitayal Teshale (mid Dec 22)

Promotion to Second Engineer

2/E Gizaw, Hailemichael Demisse

2/E Eniyew, Lalemenh Ayenew

2/E Teka, Tesfahun Mebratu

2/E Redae, Hailesslassie Haftu

2/E Redae, Hailesslassie Haftu

2/E Tegegne, Abraham Ejigu

2/E Sinishaw, Abebaw Tesfa

2/E Gebretsadik, Ermias Eshetu

2/E Demug, Endalkachew Tessema

2/E Abebe, Habtu Alemnew

2/E Melesse, Animaw Fenta

2/E Asfaw, Dawit Degaga

2/E Tekle, Dawit Kebede

2/E Yalewu, Binyam Tesfaye

2/E Amsayaw, Nigussie Takele

2/E Goda, Wasyhun Wojira

Promotion to Third Engineer

3/E Hayilu, Yohannis Mokonnin

3/E Awol, Kamil Kedir

3/E Tadesse, Meharew Yalew

3/E Kia, Eyayu Dejene

3/E Gebrehiwot, Alemayehu Gezahegn

3/E Leoulseged, Rediet Ketema

Promotion to Fourth Engineer

4/E Alemayehu, Yiheyis Eshete

4/E Bayisa, Gemechu Tesfaye

4/E Buser, Ali Sherifa

4/E Hagos, Berhane Kidane

4/E Dewera, Zereabiruk Demeke

4/E Gelaw, Habtamu Alebachew

4/E Kebede, Fikresilassie T/mariam

4/E Wondimu, Dagmawi Ketema

Junior Engineer - Adugna, Sisay Gudeta

Promotion to Electro Technical Officer

ETO Mekonnen, Dawit Anegagrie

ETO Muleta, Eyob Aga

ETO Jemberie, Abebe Gezahagn

ETO Altah, Abrham Dagnaw

ETO Amera, Habtamu Alemnew

ETO Belay, Dehninet Yihunie

ETO Gebreegziabhair, Teklit Amha

ETO Shenkute, Zenebe Simenehe

ETO Abera, Fikreab Worku

ETO Adera, Agar Daniel

ETO Kebede, Sebsbie Zewdu

ETO Wondaferew, Surafel Mengesha

ETO Zewde, Zekarias Tsegaye

ETO Tsigie, Tewodros Niway

ETO Wolde, Yonatan Mitiku

ETO 20 GRADUATION – 5 October 2022

76 ETO cadets and 2 members of the EDF graduated

CLIENT VISIT MINSHIP – 15 November 2022

Mr Tobias Braun of MINSHIP Management addressing the ME 20 and ETO 21 cadets and visiting the Electrical and Electronic Laboratories.
